

FOR CURRENT EMPLOYEES OF Jonesboro Public Schools ONLY

To install Smart Notebook and Smart Response onto your home computer:

Mac Users [CLICK HERE!](#) Select “Yes” because you have a product key. Make sure you check-mark the Smart Response box.

Windows Users [CLICK HERE!](#) Select “Yes” because you have a product key. Make sure you check-mark the Smart Response box.

Enter in your information. You only need to enter info with the * next to them. Check the box for **no** to receiving emails. Check the box “you have read and agree to these terms and conditions.”

Enter the Activation Code: ***** after the install. On a MacBook you will see the gold colored smart response icon in the upper-right hand corner of your screen. Click on it and scroll down to “check for updates and activation.” On a Windows computer, it will automatically ask you to activate (the box will automatically be checked to activate). Enter the code.

With this download you will have all the features of Smart Notebook, including the ability to create engaging questions for your Smart Response. You can also go to exchange.smarttech.com and browse lessons and questions. You will have to join if this is your first time downloading from this site.

Be sure to go through the tutorial that automatically pops up the first time you open Smart Notebook!

If parents and students want to access smart notebook files they should use [Smart Notebook Express](#). This can be accessed online or downloaded onto their computer.
